President's Communique March 16, 2020

Panic is never useful: preparation is. Your NBSRT Executive had a conference call this weekend to consider the effects of the COVID virus on us all.

1. Our provincial voting for a new NBSRT Executive will be held as scheduled **April 1-10**. Dale MacRae, NBSRT Election Returning Officer, will send out information to all local presidents and arrange a conference call with them to explain the modifications as to how this election will proceed.
2. After a thorough discussion, given today's climate, our Annual General Meeting will be suspended until October with specific dates to be announced later. If you have already registered and wish to have a refund on your fee, please contact the Chair of the Saint John Organizing Committee, Barry Harbinson, at bharbins@nb.sympatico.ca. Also, the option is available for members to leave their paid registration fees to be applied against the fall AGM.
3. Your Executive has decided, with the safety of our members in mind, that all provincial committee meetings and branch activities be suspended until a later time.

Your Executive will continue to have regular conference calls to monitor the situation. We will apprise you of updates. We are in uncharted waters; our overriding concern is that we all stay healthy and safe.

Sincerely,

June MacNairn
NBSRT President
