Who has the best lobster in New Brunswick?

We think we do, and invite you to compare the taste of your favourite lobster with ours when you are in town for 2019 NBSRT Annual General Meeting May 7-8.

You can purchase delicious fresh cooked lobster at **McLean's Fish Shop**, located at 624 Garden Street. Enjoy them as a picnic lunch at one of the picnic tables lining the Causeway Bridge or the Boulevard in our beautiful downtown - or you can enjoy them in the relaxing atmosphere at your hotel. **McLean's Fish Shop** will also pack a feed for you to take back to friends and relatives at home.

You can take a short trip to Pabineau First Nations and enjoy a delicious lobster roll at the **Pabineau Seafood Take Out**, 1295 Pabineau Falls Road. A short drive from the take out and you can be eating your delicious seafood on the rocks beside the beautiful **Pabineau Falls**.

If you prefer to cook your own lobster, you can take a short trip to **Miller Brook Wharf** and purchase them fresh off the boats. With a small detour you can be back on the highway heading home in no time. We think our lobster are the best, and that's "*for shore*".

Get cracking and register early. We're waiting for you.
